The Time Certificate of Deposit Investment Program has two primary objectives: first, to provide a competitive return on funds placed in certificates of deposit with local financial institutions; and second, to ensure that locally generated tax dollars are invested throughout the state to help meet local demands for loans.

In accordance with state law, the Time Deposit Investment Program is managed as a separate and distinct investment program by the Treasurer. A portion of the funds available for investment by the State Treasurer is set aside semiannually for this program.

- The average yield was .39%.
- The total value on June 30, 2014 of outstanding certificates of deposit was $35,950 million.
