WASHINGTON STATE SCHOOL DISTRICT CREDIT ENHANCEMENT PROGRAM

The following information has been furnished by the State of Washington for use in this Official Statement. The issuer of the bonds offered pursuant to this Official Statement (the “Offered Bonds”) makes no representation as to the accuracy or the completeness of such information or as to the absence of material adverse changes in such information subsequent to the date hereof.

Definitions

“Program” means the Washington State School District Credit Enhancement Program established by the Act.

“Program Bond” means any validly issued voted general obligation bond issued by a school district, holding a certificate issued pursuant to the Act for such a bond.

“State” means the State of Washington.

Program Provisions

Article VIII, section 1(e) of the Constitution of the State and the Act allow the State to guarantee any voted general obligation bonds issued by a school district. Payment of the principal of and interest on Program Bonds when due is guaranteed by the full faith, credit and taxing power of the State under the provisions of the Act. The Act provides as follows:

The full faith, credit, and taxing power of the State is pledged to guarantee full and timely payment of the principal of and interest on Program Bonds as such payments become due. However, in the event of any acceleration of the due date of the principal by reason of mandatory redemption or acceleration resulting from default, the payments guaranteed shall be made in the amounts and at the times as payments of principal would have been due had there not been any acceleration. The State guarantee does not extend to the payment of any redemption premium.

The Act further provides that the State pledges to and agrees with the owners of any Program Bonds that the State will not alter, impair, or limit the rights vested by the Program with respect to the Program Bonds until the Program Bonds, together with applicable interest, are fully paid and discharged. However, an alteration, impairment, or limitation of such rights is not precluded if full provision is made by law for the payment of the Program Bonds.
**Program Procedures**

In accordance with applicable law, each school district with outstanding, unpaid Program Bonds is required to levy property taxes approved by the voters for repayment of the Program Bonds and certify the taxes to the County Assessor. In accordance with applicable law, the County Treasurer for each school district with outstanding, unpaid Program Bonds is required to collect property taxes approved by the voters for repayment of the Program Bonds.

Under the Act, the County Treasurer is required to transfer money sufficient for each scheduled debt service payment to the paying agent on or before any principal or interest payment date for the Program Bonds.

A County Treasurer who is unable to transfer to the paying agent funds required to make any scheduled debt service payments on the Program Bonds on or prior to the payment date is required to immediately provide notice to the State Treasurer and to the paying agent. If sufficient funds are not transferred to the paying agent at the time required to make a scheduled debt service payment on the Program Bonds, the paying agent is required to immediately notify the State Treasurer.

Pursuant to the Act, the State legislature is required to appropriate, in each and every biennial appropriations act, such amount as may be required to make timely payment on the Program Bonds. If sufficient money to make any scheduled debt service payment on the Program Bonds has not been transferred to the paying agent in a timely manner, the State Treasurer is required to transfer sufficient money to the paying agent for such payment and the paying agent is required to make such scheduled debt service payment.

Each school district is responsible for paying in full the principal of and interest on its Program Bonds. The State Treasurer is required to recover from the school district any funds paid by the State on behalf of that school district under the Program. A payment by the State Treasurer discharges the obligation of the school district to its Program Bond owners for the payment, but does not retire any Program Bond that has matured. The terms of that Program Bond remain in effect until the State is repaid. Any such payment by the State transfers the rights represented by the general obligation of the school district from the Program Bond owners to the State.

If the State has made all or part of a debt service payment on behalf of a school district that has issued Program Bonds, the State Treasurer may (a) direct the school district and the County Treasurer to restructure and revise, to the extent permitted by law, the collection of excess levy taxes for the payment of Program Bonds on which the State Treasurer has made payments under the Act to the extent necessary to obtain repayment to the State Treasurer; and (b) require, to the extent permitted by law, that the proceeds of such taxes be applied to the school district's obligations to the State if all outstanding obligations of the school district payable from such taxes are fully paid or their payment is fully provided for.

The MSRB has indicated that it intends to make the continuing disclosure information submitted to it publicly available on the internet on its Electronic Municipal Market Access System (“EMMA”) website. The Undertaking inures to the benefit of the State and the issuer, any underwriter and any holder of the Offered Bonds, and does not inure to the benefit of or create any rights in any other person.

The State has complied in all materials respects with all of the State’s prior written undertakings under SEC Rule 15c2-12. However, on June 5, 2014, the State discovered that The Bank of New York Mellon, acting as escrow agent and fiscal agent for the State, failed to file with the MSRB a notice of defeasance on March 23, 2010, of a portion ($1,740,000) of the State’s then-outstanding Certificates of Participation, Series 2006C (State Board for Community and Technical Colleges), which had been issued in the original principal amount of $9,835,000.
