

Local Government Investment Pool Announces Staffing Changes

OLYMPIA – April 22, 2011 – The Office of the State Treasurer is pleased to welcome Kari Sample as the new LGIP Administrator. Kari’s first day will be April 22, 2011.

Kari is a graduate of Grays Harbor Community College with an Associates degree in Accounting. Prior to joining us here at OST Kari worked as an Accounting Clerk for Simpson Door Company. Since October 2007 Kari has worked at the Office of the State Treasurer as our CD Investment Administrator. Kari’s strong administrative and communications skills, along with her exceptional customer service ethic, will be a benefit to the LGIP. Many of you have probably already talked to Kari at some point since she has been the main back up for the LGIP desk for 4 years!

In her new position, Kari is responsible for administration of more than 450 Local Government Investment Pool accounts. Kari will be speaking on behalf of the LGIP at upcoming statewide conferences. Look for her at the WFOA annual conference in September.

“I am honored and pleased to become your new LGIP Administrator. I’ve had the privilege of working at OST these past several years and I am very excited to accept the position. Serving as a back-up to Robbi, I have learned a great deal about the success of the LGIP program and look forward to carrying on the excellent service that Robbi has provided these past six years. I am confident that together we will ensure the LGIP’s future success. I can’t wait to get to talk to you and meet all of you!”
