August 2019

DUANE A. DAVIDSON
WASHINGTON STATE TREASURER

DUANE A. DAVIDSON
State Treasurer

State of Washington
Office of the State Treasurer

Dear Local Government Official:

The Washington State Local Government Investment Pool was created by Chapter 294, Laws of 1986. Since its inception, over 500 local governments in Washington have participated in the pool.

This booklet was designed to describe the process by which local governments may join with the State and take advantage of a valuable tool for the management of public funds. It contains an introduction to the Local Government Investment Pool (LGIP), forms with which to join, common questions, and instructions for enrolling and utilizing the pool.

In developing the LGIP, the State Treasurer provides an investment vehicle that will allow pool participants flexibility in managing their funds while providing the maximum amount of security for their investments, as well as a competitive rate of return.

We hope that you will find the LGIP an appealing investment alternative for your governmental entity. If you have any questions concerning information in this booklet or the operation of the LGIP, do not hesitate to call us at (800) 331-3284.

Sincerely,

Duane A. Davidson
State Treasurer

INTRODUCTION TO THE LOCAL GOVERNMENT INVESTMENT POOL

The Local Government Investment Pool was authorized by Chapter 294, Laws of 1986. In part, this legislation states: "The purpose of this chapter is to enable political subdivisions to participate with the state in providing maximum opportunities for the investment of surplus funds consistent with the safety and protection of such funds. The legislature finds and declares that the public interest is found in providing maximum prudent investment of surplus funds, thereby reducing the need for additional taxation. The legislature also recognizes that not all political subdivisions are able to maximize the return on their temporary surplus funds. The legislature therefore provides in this chapter a mechanism whereby political subdivisions may, at their option, utilize the resources of the State Treasurer's Office to maximize the potential of surplus funds while ensuring the safety of public funds."

The impetus for this legislation came from a number of bankruptcies that occurred involving various government bond dealers. Public funds were lost when it was discovered that the investments public treasurers had thought they had purchased did not actually exist. As a result of losses in this state as well as others, the State Auditor now requires a much more stringent handling of investment transactions by public funds managers. As a result, the additional investment requirements caused a major increase in the expense of managing public funds, particularly for those entities with relatively small amounts of funds to invest.

The idea of a Local Government Investment Pool (LGIP) was developed in order to allow all public entities to continue to manage their funds in a manner that would allow them to maximize the yield on their investments while meeting the safety requirements for the funds. Local investment pools are currently operating in states. They have been highly successful endeavors that have afforded their participants a flexible investment vehicle with which to manage the funds in their custody.

COMMON QUESTIONS & ANSWERS

- Q:** Do I need to notify the LGIP of a deposit as well as a withdrawal?
- A:** Yes. The LGIP needs to know how much money is available for daily investment. If money is deposited and the LGIP is not notified, those funds will not be invested on the day of deposit and the Pool participant will not receive same-day credit.
- Q:** Is there a minimum transaction size?
- A:** Yes. Five thousand dollars (\$5,000) is the minimum transaction size for both deposits and withdrawals (WAC 210-01-060).
- Q:** Is there a maximum transaction size?
- A:** No. However, to more accurately project our daily cash flows, we would like to be notified of a deposit or withdrawal of ten million dollars (\$10,000,000) or more at least a day prior to transfer.
- Q:** When do the interest earnings post to the account?
- A:** Interest earned will be distributed monthly on the first business day of the following month.
- Q:** Can I have funds that I request for withdrawal sent to a different bank account other than the one I originally set up with the LGIP, even if this is a onetime circumstance.
- A:** No. For your protection, funds may only be transmitted to the bank account designated on the Authorization Form. Changes to the participant's bank information must be made in writing to the Office of the State Treasurer (see Appendix, Authorization Form).
- Q:** Is there a limit to the number of transactions I can do in any one day?
- A:** Each pool participant is limited to ONE transaction per business day (see Appendix, WAC 210-01-070).
- Q:** How long can I leave my funds in the LGIP?
- A:** There is no set maturity date on funds in the LGIP. You may leave your funds on deposit with the pool for one day, one month, or any length of time appropriate to your cash flow needs.
- Q:** Can I enter transactions online?
- A:** Yes. Authorized persons can enter deposits and withdrawals over the Internet using the Treasury Management System (TM\$). TM\$ also allows participants to view statements, reports, and account information.

These are only a few of the common questions about the pool. If you have other questions, call the LGIP at (800) 331-3284.

INTEREST EARNINGS

The LGIP daily factor is a net earnings figure that is calculated daily using the investment income earned (excluding realized gains or losses) each day, assuming daily amortization and/or accretion of income of all fixed income securities held by the Fund, less the administrative fee. The daily factor is reported on an annualized 7-day basis, using the daily factors from the previous 7 calendar days. The reporting of a 7-day annualized yield based solely on investment income which excludes realized gains or losses is an industry standard practice that allows for the fair comparison of funds that seek to maintain a constant NAV of \$1.00. The actual yield factor is a net daily earnings figure that is calculated using the total net earnings including realized gains and losses occurring each day, less the administrative fee. The total net earnings of the LGIP will be declared daily and paid monthly to each pool participant's account in which the income was earned on a per-share basis. These funds will remain in the pool and earn additional interest unless withdrawn and sent to the pool participant's designated bank account as specified on the Authorization Form. Interest earned will be distributed monthly on the first business day of the following month.

STATEMENTS AND REPORTING

On the first working day of every month each active pool participant will be sent a monthly statement which includes the pool participant's beginning balance, ending balance, deposits, withdrawals, administrative fees, gross earnings, net earnings, and the gross and net earnings rates for the month. Included with the statement is the monthly enclosure. This report contains information regarding the maturity structure of the portfolio and balances broken down by security type.

The LGIP will provide pool participants an overview of "LGIP Updates and Archive" on the LGIP website. In addition to the compliance report, benchmark, comparison data, and statistical information about the LGIP, a market summary will provide a review of the activity in the financial markets. The Office of the State Treasurer views this as an important vehicle to keep participants informed of LGIP issues.

A Comprehensive Annual Financial Report (CAFR) is distributed to each pool participant for the State's fiscal year ending each June. The CAFR is an extensive document that includes the following LGIP information:

- Introductory Information
 - Organization Chart
 - Advisory Committee Member List
 - Key Personnel List
 - Compliance Report
- Audited Financial Report/
 - Independent Auditors' Report
 - Financial Statements

- Investments Section
 - Portfolio
 - Charts
 - Schedule of Pool Participants
 - Investment Policy
- Statistical Information
 - Net Assets and Net Income
 - Tables
 - Average Balance
 - Portfolio Yield
 - Average Maturity Graphs

The “LGIP Updates and Archive” and the CAFR are available on the Office of the State Treasurer web-site at: <https://www.tre.wa.gov/>

ADMINISTRATIVE FEES

The State Treasurer will require reimbursement for the administration and recovery of costs associated with the operation of the Local Government Investment Pool. The administrative fee accrues daily from pool participants’ earnings prior to the earnings being posted to their account. The administrative fee will be paid monthly. In the event that there are no earnings, the administrative fee will be deducted from principal.

DIRECT DEPOSIT PROGRAM

Local Government Investment Pool (LGIP) participants that receive State collected revenues, distributed by the State Treasurer's Office, may elect to have those monies deposited directly to their LGIP account. This program began on July 1, 1989 and there has been a very positive response from those participants who are involved.

Direct deposit benefits:

- (1) Funds credited to LGIP account via direct deposit will begin earning interest that same day.
- (2) Funds may be withdrawn, in whole or in part, on the day of deposit by notifying the LGIP at 800-331-3284 prior to 9:00 a.m.
- (3) Funds are deposited directly into your LGIP account via ACH; therefore, wire charges for transferring funds out of your bank account are avoided.

Local governments choosing to use this option will continue to receive a remittance advice from the State Treasurer detailing the funds they have received in any particular distribution. Authorization for direct deposit will remain in effect until the State Treasurer receives written notification that the local government no longer wishes to participate in the direct deposit program.

The LGIP is pleased to offer this additional service in the hopes that it may aid the facilitation of your cash management program.

Contributions for which no notice is received prior to 10 a.m. will be credited as of the following business day.

Participants transmitting a contribution via ACH must notify the state treasurer no later than 2 p.m. the business day prior to the contribution date.

Failure by the state treasurer to transmit funds to a pool participant after proper notification to the state treasurer to disburse funds to a pool participant may result in a bank overdraft in the pool participant's bank account. The state treasurer will reimburse a pool participant for such bank overdraft penalties charged to the pool participant's bank account.

In order to withdraw funds from the money market fund, a pool participant must notify the state treasurer of any withdrawal over one million dollars no later than 9 a.m. on the same day the withdrawal is made except for funds transmitted by ACH. Withdrawal orders will be accepted on a quarterly basis and must be received two business days prior to the intended withdrawal date. Withdrawals will occur on the 10th calendar day of the months so designated in the prospectus. If the 10th is not a business day, the withdrawal will occur on the following business day. Other withdrawals may be permitted due to necessity, if the governing body of a pool participant sets forth, by resolution or other appropriate official action, that a withdrawal is necessary to meet the cash flow needs of the pool participant.

Withdrawals from the extended asset fund will be effected by way of a corresponding contribution into the pool participant's specified money market fund account. On the withdrawal date, shares will be sold from the specified extended asset fund account at the net asset value determined as of the next business day after the order acceptance date. Shares of the money market fund will be purchased using the money market fund's net asset value determined as of the next business day after the order acceptance date.

Pool participants must notify the state treasurer of any withdrawal two business days prior to a permitted withdrawal date no later than the time on that day specified in the prospectus. The state treasurer may allow withdrawals with less than the required notice in its sole discretion.

Material changes to a prospectus may be made by the state treasurer by means of a supplement or restated prospectus, effective as of the date sent to pool participants or as of the later date stated therein.

Pool participants will receive their pro rata share of the subpool's assets net of such liabilities or reserves. Notwithstanding the foregoing, the state treasurer may hold back up to ten percent of the value of the liquidating subpool until all liabilities are discharged. Residual amounts, if any, will be distributed to pool participants on a pro rata basis. Pool participants will not earn income on any amounts held back.
